1 PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science student with a Diploma in Database and Power BI from KDN Infotech. Eager to apply data analysis, SQL, and dashboarding skills in a dynamic and growth-oriented environment. Strong understanding of database concepts and a passion for turning data into insights.

I am equipped to deliver impactful insights through effective data visualization. My passion for technology combined with my dedication towards learning makes me an invaluable asset to any team.

2 EDUCATION

KDN Infotech Kharadi

Web Development Program, NIIT Foundation

Data Analytics Certificate, IBM

Data Analysis Intern

I have been selected for the position of Data Analysis Intern Cognifyz Technologies. I have been assigned to perform expertise in Python programming and data manipulation.

4 **PROJECTS**

Hospital Operations Dashboard

Built an interactive Power BI dashboard showing KPIs like patient count, treatment cost, and occupancy rates. Used slicers and charts to help stakeholders visualize trends.

Online Bank Account Management System

Developed a web-based application that allows users to create accounts, log in, view balance, deposit, withdraw, transfer funds, and view transaction history. Utilized JSP for UI, JDBC for database operations, and PostgreSQL to manage account and transaction data.
